

**WHAT YOU NEED TO KNOW ABOUT OVERDRAFTS AND OVERDRAFT FEES  
OVERDRAFT PRIVILEGE PROGRAM: STANDARD & EXTENDED COVERAGE**

An overdraft occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways:

1. We have standard overdraft practices that come with your account.
2. We also offer overdraft protection plans, such as Auto Transfer a link to another share or a Checking Line of Credit, which may be less costly than our standard overdraft practices. To learn more, ask us about these plans.

This notice explains our standard overdraft practices.

➤ **What are the standard overdraft practices that come with my account?**

We do authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Automatic bill payments

We will not authorize and pay overdrafts for the following types of transactions without your consent.

- ATM transactions
- Everyday debit card transactions

**We pay overdrafts at our discretion**, which means we do not guarantee that we will always authorize and pay any type of transaction. **If we do not authorize and pay an overdraft, your transaction will be declined.**

➤ **What fees will I be charged if PSFCU pays my overdraft?**

Under our standard overdraft practices:

- We will charge you a fee of up to **\$29** each time we pay an overdraft if your personal/sole proprietor account is overdrawn more than \$5
- **There is no limit** per day on the total NSF fees we can charge you for overdrawing your account. For personal/sole proprietor account, there is a limit of Max 5 ODP Fees (\$145) per day that will be charged.

➤ **What if I want PSFCU to authorize and pay overdrafts on my ATM and everyday debit card transactions (Extended Coverage)?**
